

JIN ZHENMING (金真明)

JINZHENMING74@GMAIL.COM

CHAOYANG, BEIJING, CHINA/SUWON, KOREA

SUMMARY

Undergraduate student in Computer Science with experience in natural language processing. With experience in Python, PyTorch, also familiar with GitHub-based workflows. Bringing a detail-oriented approach and strong motivation to contribute to research and collaborative projects.

EDUCATION

Sep 2022 - Jul 2026 (Expected) **Sungkyunkwan University (성균관대학교) Suwon, Korea**

Bachelor of Computer Science and Engineering

GPA 3.92/4.5

Merit-based Scholarship for International Undergraduate Students

EXPERIENCE

May 2025 – Dec 2025

Undergraduate Intern, Human Language Intelligence Lab (HLI Lab)
Suwon, Korea

- Constructed and analyzed datasets for the LiMO (DetectMGC) project in collaboration with graduate researchers.
- Advised by Prof. Jinyeong Bak (박진영)

Sep 2025 - Dec 2025

Teaching Assistant, Sungkyunkwan University
Suwon, Korea

- Worked as a teaching assistant of the course “Open-Source Software Practice” conducted by HLI lab. Answered students’ questions during Q&A sessions, graded assignments and final exam.

PUBLICATIONS

LiMO: Line-level Machine-generated Code Detection for Diverse Programming Languages.

Taekhyun Kim, Hyejoon Jang, Suyoung Kim, **Zhenming Jin**, Suin Kim and Jinyeong Bak
The 41st ACM/SIGAPP Symposium on Applied Computing (SAC 2026), Accepted

SKILLS & ABILITIES

- ◆ Programming Languages: Python, Java, C/C++, Kotlin
- ◆ Tools & Frameworks: PyTorch, Git, Docker, PostgreSQL
- ◆ Strong problem-solving skills and troubleshooting abilities.

LANGUAGES

Chinese – Native (First Language)

Korean – Fluent (Korean-Chinese Background)

English – IELTS 7.5

Japanese – JLPT N2
